

1. EXECUTIVE OVERVIEW & MISSION

Nelkap Group Limited operates as a dedicated non-asset 3PL freight broker and supply chain orchestrator. By leveraging an extensive network of vetted third-party carriers and strategic hauliers, we mobilise flexible heavy-tonnage road transport, cross-border freight brokerage, and structured procurement solutions across Southern African trade corridors without the overhead constraints of a captive fleet.

2. CORE OPERATING DIVISIONS & SCOPE OF SERVICE

1. 3PL Bulk Freight Brokerage

Non-asset freight broking connecting commercial shippers with vetted third-party hauliers along primary transit corridors (Beira, Nacala, Durban, Dar es Salaam, and inland arterial routes).

- Cross-border road freight brokerage (Zambia, Malawi, Mozambique, RSA)
- Consignment tracking, border customs liaison & clearance
- Mandatory carrier GIT verification and transit risk protocols

2. Institutional & Public Sector Supply

Full-spectrum procurement and contract execution for national statutory bodies, multilateral programmes, healthcare authorities, and government agencies.

- Bulk agricultural inputs (fertiliser, grain, seed) logistics
- Healthcare & institutional commodities distribution
- Strict adherence to Public Procurement and Disposal (PPDA) acts

3. Diaspora Gifting & Verified Fulfilment

Direct, verified cross-border fulfilment network enabling international individuals and organisations to procure and deliver supplies to verifiable regional beneficiaries.

- Verified on-the-ground local community distribution
- Digital chain-of-custody confirmation and proof of delivery
- Direct regional sourcing bypassing predatory retail margins

4. Trade Finance & Contract Execution Desk

Structured commercial trade facilitation designed to execute complex, multi-stage procurement tenders with strict governance and audited capital allocations.

- Letter of Credit (LC) and escrow-backed delivery models
- Milestone verification and transparent invoice reconciliation
- 24-hour SLA on corporate and commercial quotation requests

3. PROVEN TRACK RECORD & INSTITUTIONAL ENGAGEMENTS

SFFRFM

Scope: Cross-Border Bulk Fertiliser Logistics (Zambia → Malawi Corridors).

Brokered and coordinated vetted third-party heavy transport capacity to execute national strategic input logistics with zero-loss transit control.

National AIDS Commission

Scope: Public Health Logistics & Institutional Procurement Fulfilment.

Executed compliant, deadline-sensitive distribution of vital materials adhering to strict donor and national compliance thresholds.

4. OPERATIONAL CAPACITY & CORRIDOR SPECIFICATIONS

Corridor / Sector	Cargo & Commodities Handled	Standard SLA & Governance
Zambia ↔ Malawi ↔ Mozambique	Bulk Fertiliser, Agricultural Inputs, Grains, Industrial Minerals	Direct Transit, GPS Telematics, Full Transit Insurance
Beira / Nacala Ports ↔ Hinterland	Containerised Break-Bulk, Heavy Machinery, FMCG Inbound	Bonded Warehousing, Fast-Track Port Clearance
Institutional Supply Contracts	Medical Supplies, Public Sector Consumables, Building Materials	PPDA Compliant, Milestone Sign-off, Audit-Ready Invoicing
Diaspora & Community Intake	Household Sustenance, Solar/Agro Hardware, Educational Kits	Biometric/ID-Verified Delivery, Photographic Proof

5. CORPORATE GOVERNANCE, QUALITY & COMPLIANCE

Tender & Regulatory Compliance Fully registered corporate entity complying with domestic revenue authorities, cross-border transit regulations, and international anti-bribery standards.	3PL Carrier Vetting & Safety Stringent third-party haulier auditing covering roadworthiness, active Goods In Transit (GIT) insurance policies, driver background checks, and tracking integration.	Data Privacy & Security Enterprise-grade customer data integrity, secure RFQ processing, and encrypted records retention for institutional and diaspora operations.
